

MEETING MINUTES OF THE DOVER BOARD OF HEALTH - FEBRUARY 1, 2021

Held remotely via zoom

Present: Professor Gerald Clarke, Chair; Stephen Kruskall, M.D., member; Kay Petersen, M.D., member; Agent Michael Angieri, Septic Systems; Agent Felix Zemel, Wells

1. Meeting called to order 7:00 pm
2. Dr. Kruskall moved to approve the meeting minutes of January 4, 2021, seconded by Dr. Petersen. The motion passed unanimously.
3. Wells:
 - Lot 4 Wilson's Way - hydrofracked; flow test
 - 1 Donnelly - flow test
 - 91 Centre - decommissioned
 - 49 Farm - rescheduled due to inclement weather
4. 5 Turtle Lane - served by Natick water; well on property for irrigation only
5. Agent Angieri informed the Board that the Conservation Commission has changed its regulation to 150 foot setback in the buffer zone.
6. A discussion ensued as to whether the Board should change its regulation from 100' to 150' to match. Professor Clarke noted that the Conservation Commission went beyond the state's regulations. He was of the opinion that the Board should stay with the state's guidelines. Dr. Kruskall inquired as to the rationale behind this change. The Board may invite the Chair of the Commission to a meeting for further explanation.
7. Agent Angieri presented a draft revised fee schedule to the Board for review. All fee prices remained unchanged. Greater specificity was used to describe more precisely the services each fee covered. The document will be discussed further.
8. Professor Clarke moved to notify the Warrant Committee that the Board intends to withdraw its 40U request from the Town Meeting Warrant. The motion was seconded by Dr. Petersen. It passed unanimously
9. Professor Clarke notified the Board that the Council on Aging maintains a list of snow shovelers. Dr. Kruskall will speak with the Director about sharing the list as there are likely many seniors not associated with the COA and therefore may not have access to its resources.
10. Meeting adjourned at 8:20 pm
