

Dover Board of Health COVID-19 Meeting Minutes - February 8, 2021

Held remotely via zoom

Participants: Professor Gerald Clarke, Chairman; Stephen Kruskall, M.D., member; Kay Petersen, M.D., member

1. Meeting called to order 10:00 am
2. Professor Clarke gave an update on the state's private well owner PFAS testing program. He noted that not many in dover or throughout the state, have signed up for the program
3. Volunteers for Spring Cleanup will be expected to follow state guidelines.
4. Prep-Mod training is being provided by the state.
5. Dr. Petersen reported:
 - The COA continues to help people navigate the state's vaccination system.
 - Superintendent Keough will present the next phase of the schools' reopening plan to the Health and Hygiene Committee for review.
 - The Athletic Director has been informed that the Dover and Sherborn Boards of Health advise surveillance testing be required for football players.
6. At 11:20 am it was moved and seconded to adjourn the meeting. The motion was approved unanimously.
