#### Motion to Fund Job Posting (Director Search)

To promote the director search, Ms. Schulz moved to allocate \$750 from the existing balance of State Aid to Public Libraries for a one-month listing and promotion on the national American Library Association (ALA) job board.

Sharing other researched options and a communique with an ALA representative, Ms. Schulz spoke in favor of the listing as the most efficient, cost-effective way to reach a strong pool of candidates -- both through visibility to potential applicants and their industry networks. Ms. Tobin concurred that the broad reach of the ALA presented a fair approach vs. the risk of missing a particular job board or affinity group.

After discussing an extension of the application deadline to coincide with the timing of the ALA's email promotion, the board approved the motion through a unanimous voice vote.

Meeting adjourned at 6:11 PM
