Town of Dover

Solid Waste & Recycling Transfer Station Instructions

Overview

Dover's Solid Waste & Recycling Transfer Station
provides residents a cost-effective and
convenient method for the disposal of trash and
recyclables. The goal is to save taxes by
reducing the amount of trash sent to the
incinerator and to prevent the return of any
loads containing banned or recyclable materials.

Dover does not provide curb-side pickup.
Residents must drop off their trash and
recyclables at the Transfer Station or contract a
Commercial Hauler for this service.

Massachusetts Law Prohibits Recyclables in Trash, Please Separate Recyclables

Transfer Station

 Hours of Operation:
Wednesday, Saturday, Sunday
8:00 AM to 3:45 PM
Closed Holidays

 Address: Powisset Street, Dover, MA

 Telephone: 508-785-0058 ext. 110 (Highway
Dept)

 Access only for vehicles registered in Dover
with a valid sticker.

 Stickers can be obtained at the Town Garage
(afternoons, 2 Dedham St., Dover) or the
Transfer Station during hours of operation.

Dover Solid Waste & Recycling Transfer Station Instructions

Mandatory For All Users of The Transfer Station

Massachusetts Law Prohibits Recyclables in Trash

Please Separate Your Recyclables

SOLID WASTE

Household Refuse

Trash, Food Waste* and Bulky Items

Dispose in designated containers for Household Refuse. See program for food scrap* recycling.

NO - Hazardous Material, Special Waste or recyclables

Construction & Demolition Waste

Construction & Demolition (C&D) Waste

Pipes, wood and other materials resulting from the demolition and/or construction of buildings or other structures that are not classified as Restricted Material are to be disposed of in the designated container. The following fees apply:

 Pick-up Truck (Full Load)	\$90.00
 Pick-up Truck (Half Load)/SUV	\$45.00

Restricted Material Prohibited

Asphalt, Brick, Concrete, Masonry, Tiles
Sheetrock, Gypsum Board, Plaster Shingles.

Restricted Material Permitted Only on Special Dates

Tires (week in June and October)

Food Waste

Dover provides free food waste diversion at the Transfer Station for all food scraps including bones, shells, tea bags, coffee grounds, all meats, eggs and fish. All food must be bagged in any type of bag - plastic, paper or compostable. The use of compostable bags is recommended. The food scraps are sent to an anaerobic digester to be converted to electricity.
