20 February 2019

**Via Hand Delivery**

Planning Board  
Town of Dover  
Dover, MA 02030

Dear Planning Board Members,

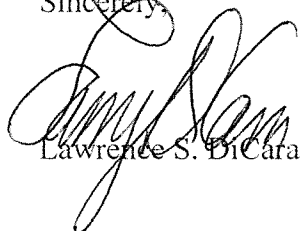

I am writing on behalf of Patrick & Karina Corrigan, who will appear before your Board on Monday evening 25 February 2019 with respect to property known as Haven Meadows. The Corrigan's have lived in Dover for many years and built many fine homes.

Ardi Rrapi and Ronald Tiberi of Cheney Engineering Company and I will be appearing along with Mr. & Mrs. Corrigan next Monday evening to make a presentation. This filing has been reviewed with the Town Engineer and the Director of the DPW who are both satisfied with the proposed work. We are asking that this project for a cul-de-sac be considered and approved as have other similar proposals which your Board has historically approved without requesting approvals from other boards. Once the cul-de-sac is approved, we will seek all other board approvals prior to filing the final Subdivision Plan.

We think it is only fair that this proposal be treated in a similar fashion to other cul-de-sacs which have been granted approvals for other subdivisions.

We look forward to meeting with you on Monday evening.

Sincerely,

Lawrence S. DiCara
